SPECIAL TRAIN OF ENTHUSIASTS

Minneapolis People Will Arrive at Midnight, Tuesday.—Next Thursday Named as Minneapolis Day.

The palatial Minneapolis Automobile Club special train with fifty Minneapolis enthusiasts and some fifteen or so from Chicago, will arrive in Daytona at midnight next Tuesday. They will have their train placed on the Bond Lumber Company's siding, and occupy the same during the races. Many prominent people are in the party.

A. C. Latchelder, Secretary of the American Automobile Association, of New York, will arrive in Daytona Monday evening, and will be the guest of President Paine, of the Florida East Coast Automobile Association.

Thursday, January 25th, has been designated as Minneapolis Day, and we hope the people of Daytona will decorate with the Minneapolis Automobile Club colors, which are red and white.

The Florida East Coast Automobile Association clubhouse has been beautifully furnished by the ladies who are members, and the Ferris Decorating Company are decorating the outside of clubhouse and grand stand.

The Florida East Coast Automobile Association scales are now ready for the weighing in of the racers at the clubhouse, and notices have been sent out notifying all to weigh in, Monday, January 22.

Daytona Beach Items

W. W. Russell, of New York City, who has been visiting here, has accepted a position as clerk in the Hotel Ormond. He left Thursday afternoon to assume his duties.

H. T. Butler and family, of Narcoossee, Fla., are spending a short time at Daytona Beach.

Mrs. Conrad, of Clyde, Ohio, and Mrs. F. J. Hinnan, of Oak Harbor, Ohio, are guests of C. E. Ford and family, at the Buckeye Cottage.

R. Lockwood Moss, of Fort Pierce, representing the Florida Photographic Concern, is at the New Seaside Inn for a few days.

Mr. and Mrs. N. B. Brophy, of Natick, Ill., have arrived to spend the winter.

The management of the New Seaside Inn, gave a card party on Wednesday evening, which proved a delightful affair. The ladies who won prizes were Miss Bartholomew, Mrs. W. H. Gasman; the gentlemen were Colonel Shaffner and W. H. Gasman. The prizes were dainty sterling silver souvenirs of Florida.

Among the the recent arrivals at the New Seaside Inn are Mr. and Mrs. W. H. Gasman, Caldwell, N. J.; Mr. and Mrs. Andrew J. Murphy, Miss Maran, Port Huron, Mich.; Mrs. S. A. Tighe, Mrs. T. B. Ogilvie, Brooklyn; William Charlton and wife, Lincoln, Neb.; C. W. Littlefield, Clay Bellenger, Washington, D. C.

WILL OPERATE SPECIAL TRAINS

For the Auto Races at the Ormond-Daytona Beach.—Great Convenience.—Hours of the Races.

On account of the automobile races on the Ormond-Daytona Beach, from the 22nd to 27th of January, the Florida East Coast Railway will operate special trains from Jacksonville to the Hotel Ormond and to Daytona, to enable those who desire to see the races to do so and return the same day.

The special will be scheduled to leave Jacksonville on Tuesday, Wednesday, Thursday and Friday, at 7:45 a. m., St. Augustine at 8:50 a. m., and arrive at the Hotel Ormond at 10:50 a. m., and Daytona at 11:10 a. m. Returning, the special will leave Daytona at 7:45 p. m., and the Hotel Ormond at 8 p. m. Those who do not care to take advantage of the special train may use the regular trains, for all of which a special rate of one and one-third fare for the round trip will be authorized.

Tickets are to be on sale daily from the 22d to the 27th of January, inclusive, limited to the 28th of January to return, but these tickets will not carry stop-over privileges. The rate from Jacksonville will be \$4.40, and from St. Augustine, \$3. Parlor cars will be attached to all trains. Train No. 23, which is scheduled to leave Jacksonville at 8 a. m., is composed entirely of parlor cars, and, of course, extra seat fare will be charged on that train.

This paper is advised that the hours for racing will be as follows:

Monday, January 22d, 9 a. m. to 3 p. m.

Tuesday, January 23d, 9:45 a. m. to 3:45 p. m.

Wednesday, January 24th, 10:30 a. m. to 4:30 p. m.

Thursday, January 25th, 11:30 a. m. to 5:30 p. m.

Friday, January 26th, 12 noon to 5:30 p. m.

Saturday, January 27th, 12:30 p. m. to 5:30 p. m.

*For Sale or Rent.—Furnished Cottage on Second Avenue, near Ridgewood; furnace heat, electric light, bathroom and complete sanitary plumbing. Geo. F. Brown, cor. 2nd & Ridgewood, if

SEABREEZE NEWS NOTES.

Personal And Local Items From the Town on the Peninsula.—Doings of Well-Known People.

Horace Rich is booked for entertainment at Dixie Lodge during the races, as are also Mrs. Thomas and daughter, of Atlanta, who are expected to arrive this afternoon.

Mrs. Isabella Granger and Dr. and Mrs. Louther, of Cleveland, O., who have been visiting with relatives and friends here, have left for Lake Helen and other points in Florida.

James McConnell has returned to Philadelphia, where he is pursuing a collegiate course.

Ward McClanahan left early in the week for Haldiburg, Pa., where he will launch out into a business career for which he has been ably fitted.

The election of officers for Glenview Congregational Church resulted as follows: Trustees, W. J. Gamble, W. H. Freeman and M. B. Herrick; deacons, W. H. Freeman, M. B. Herrick and Mrs. T. F. Williams; clerk, Alice L. Godmark; treasurer, E. M. Ladd. Mr. Secher is superintendent of the Sunday school.

Max Kleberg, a guest of Seminole Lodge, has leased the launch May from Mr. Bleckman for the season.

Mrs. and Miss Henderson, of Pittsburgh, arrived here recently, and are guests of Dixie Lodge. They were with Miss Russell three seasons ago.

J. Collins and family leave for Jacksonville today. They bought the Gardiner property last winter, which Mr. Collins has put on the market again.

Mrs. L. T. Mulky has resigned her position as assistant in the postoffice. Miss Stewart has been installed as assistant. P. Rivenberg will assume the responsibilities of the office in E. F. Britton's absence, at Jacksonville.

Mr. and Mrs. Jas. A. Baggett came home from Jacksonville Tuesday. Mrs. Baggett says her father is getting well rapidly. Mr. and Mrs. Baggett are now at home, in order to make arrangements for a permanent stay in Jacksonville.

W. C. Haney is here on a visit to relatives, and will remain during the great races. He was called to Jacksonville by the illness of his brother.

Mrs. Wilkins-Post received a letter from George Howe and wife, of York, Neb., in which they stated they would reach Jacksonville on the 20th, and be at Seminole Lodge a few days later. They are old-time friends and admirers of Mrs. Post.

BROWARD WRITES PAINE.

Says it is Doubtful Whether He Can Be Here. Sends Felicitations to the Auto Club.

Asa Paine, president of the Florida East Coast Automobile Association, received a letter from Governor N. B. Broward this morning in response to an invitation to attend the automobile races. The letter read as follows:

EXECUTIVE DEPARTMENT
Tallahassee Fla. Jan. 16, 1900.
Asa Paine, President,
Daytona, Fla.

Dear Sir:
I thank you very much for your kind invitation to be present with you during the automobile races at the Ormond-Daytona Beach, but I am so exceedingly busy that it is doubtful whether I can be with you or not. If practicable for me to do, will be there, but do not count on me. Again thanking you for your kind invitation. I beg to remain,
Yours Sincerely,
N. B. BROWARD,
Governor.

TORPEDO BOATS ARE INVITED.

Flotilla Can't Come to Daytona.—Commodore Allen Extended Invitation On Behalf of Club.

At a meeting of the Halifax River Yacht Club, held Wednesday evening, Commodore Allen, was named as a committee to go to St. Augustine and invite the officers of the Torpedo Flotilla, to come to Daytona. Commodore Allen went to the Ancient City Thursday, and extended the invitation in behalf of the club.

This morning in speaking with a representative of this paper, he said that he was royally entertained, and that the officers expressed great regret on not being able to come here, having been ordered to go to Charleston and Beaufort, S. C. He says that a great many of the officers wanted to see the automobile races, but in all probability they will not, unless orders which have already been received, are changed.

A ROUSING CAUCUS HELD.

Citizens Named to Run for Office Last Evening.—Rix, it is Generally Thought, Will Run.

At a caucus held last evening in the Armory, James A. Rix, at present street commissioner, was nominated to run for mayor of Daytona at the coming city election to be held in February. Friends of E. W. Greene, were in evidence, and when the question of voting came Mr. Greene received 17 votes while Rix was given the handsome number of 49 votes.

It is understood that Mr. Rix will now accept the nomination, and will at once commence an active campaign for the office of mayor. More than a week ago Mr. Rix told a representative of this paper that he would not be a candidate for the office but since then a great many more friends have called on him and the action of the caucus last night changed his plans.

Mr. Greene will not run for the office since the action that was taken last night, and it is said that he will lend his hearty support to Mr. Rix. The former was tendered the nomination for alderman but he declined to accept same. Those who were nominated for councilman were J. C. Howard, G. B. Seaman, S. W. Carroll, J. A. Douglass and J. A. Hendricks to fill the unexpired term of Alderman A. Mc E. Porter.

For School Trustees, G. H. Ludwig, Wm. Atwood and D. D. Rogers; for Assessor, Geo. F. Smith; for Collector, H. F. Douglass; for Clerk, J. W. Wilkinson; for Treasurer, F. T. Peck.

The meeting was an enthusiastic one and was called to order by George Poppell who in a few remarks, told the object of same. W. A. Gove was made chairman, and D. D. Rogers secretary.

THE TIDES To-Day.

Low tide at 8:43 this morning.
Low tide at 9:00 this evening.

To-Morrow.
Low tide at 9:52 in forenoon.
Low tide at 10:00 in the evening.

*FOR SALE—HOUSE BOAT, YACHT-BUILD AND FINISH. 97 over all, 20ft beam, 2ft 6 draft. Twin screws, gas engines, electric lighted. Complete in every detail. Now in commission at Miami. R. M. Munroe, Coconut Grove, Fla.

A Poem for Today

THOSE EVENING BELLS

By Thomas Moore
THOSE evening bells! Those evening bells! How many a tale their music tells Of youth and home and that sweet time When last I heard their soothing chime! Those joyous hours are passed away, And many a heart that then was gay Within the tomb now darkly dwells And hears no more those evening bells. And so 'twill be when I am gone— That tuneless peal will still ring on, While other birds shall walk these dells And sing your praise, sweet evening bells.

A Poem for Today

PICTURE BOOKS IN WINTER

By Robert Louis Stevenson

UMMER fading, winter comes— Frosty mornings, tingling thumbs, Window robins, winter noons, And the picture story books. Water now is turned to stone Nurse and I can walk upon; Still we find the flowing brooks In the picture story books.

All the pretty things put by Wait upon the children's eye: Sheep and shepherds, trees and crooks, In the picture story books.

How am I to sing your praise, Happy chimney corner days, Sitting safe in nursery nooks Reading picture story books?

Good for young and old.

GILLE'S,

A Reliable Prescription Drug Store.

Lancia On Beach.

Lancia, with his 110-horsepower Fiat,
appeared on the course yesterday for
the first time, and a large crowd watch-
ed the trial spins of the famous machine,
of which much is expected. No time
was taken, but estimates put the rate as
close to that needed to win the 2-mile-a-
minute contest.

Clifford Earp, one of England's best,
was out with his new 6-cylinder Napier,
and spun over the course at a good rate.
Stopwatches caught him over part of
the stretch, and his speed rate, based on
this, comes to 32 seconds. This time is
not official, but indicates that the
Napier will make an excellent showing
for the crown trophy. Earp claims he
was going about 100 miles an hour,
when he threw a tire and had to quit.

Both Stanley cars were out yesterday
afternoon. Once during the trials the
new steamer, with Marriot driving,
overtook and passed the car ahead of it.
Though the relative merits are not
shown, as no race was on, the incident
stirred up interest among spectators.

Stanley's gentleman racer was also
out, and the little car, for the time, was
the center of interest. Both steam cars
are attracting much interest on the
beach, and admirers predict much, es-
pecially for the steamer racer.

Walter Christie will take a trial spin
this afternoon with the Christie car.
Fletcher, with Young's 110-horsepower
Fiat, will also run over the course. Trials
are run at the Daytona end of the beach.

Four trial races were run yesterday be-
tween Stanley's gentleman's small racer
and Bowden's Flying Dutchman. Bow-
den drove the Flying Dutchman and Frank
Durbin piloted them. The little Stanley
racer, one race, went for two miles, and
in others a mile stretch was used. Stan-
ley's car took all the races. These trials
furnished unusual excitement for hun-
dreds of spectators, and from start to
finish, interest was at fever heat.

Miss Grace Keating of Palatka, is
here, the guest of Misses Ruby and
Pearl Spaulding. She arrived this after-
noon.

PALMETTO CLUB EXERCISES.

Egypt was the Topic at Thursday Afternoon's Meeting.—Program Well Rendered.

The exercises of the Palmetto Club, Thursday afternoon, were largely attended.

The topic of the day was "Egypt," and was in charge of the History Department of the club, Miss Cecilia Harris, chairman.

The stage and rooms were beautifully decorated with bamboo.

Mrs. C. C. Johnson sang two songs, selections from "Aida." They were very sweet, and caused a roar of applause.

Miss Cecilia Harris, on the hieroglyphics of the "Rosetta Stone" was next on the program, and she treated her topic in a very able manner. Miss Harris, who opened the meeting, gave a nice talk on the study of Egypt.

Miss Pearl Spaulding sang two songs, which were, as usual, greatly appreciated.

The address to the "mummy," by Mrs. Henry Thompson, was very effective, and especially so as the real "mummy" was there.

Miss Virginia Christy gave an Egyptian dance, which was thoroughly enjoyed.

The exercises closed with an original poem, which was written by Miss Doerner, and sang to the tune of America. The singing took place with the entire audience standing.

*Launch for Sale.—34 h. p. DeMooy engine. Boat in first-class shape and a bargain. 17-2w J. C. Pettepher.

Make Trial Today.

C. K. Hamilton has repaired his aeroplane, and a second flight will be made on the beach at Ormond this afternoon, at 3 o'clock. Since the break in the bamboo in the first test, the aeroplane has been strengthened by doubling the bamboo, and the daring aviator is expecting to reach a great height.

Ormond Still Leads.

Miss Mary Simrall of Ormond, still leads in the Times Union voting contest for the most popular and beautiful young lady in Florida.

For four days Miss Simrall has had by a thousand votes her total being 8183 at midnight last night.

Miss Louise Foote, of Daytona, is second with 7112 votes to her credit.

The Weather.

DAYTONA AND ITS ATTRACTIONS.

DAYTONA is situated upon the west bank of the Halifax River at its widest expansion and proximity between the center of the city and the center of the Atlantic Ocean. It is in latitude 28, seventy-four miles from St. Augustine and one mile from the Atlantic Ocean, and is acknowledged to be without a rival for beauty among the villages of the South. The city is upon what is known as high beach mud flat that was covered by nature with a most rapid growth of noble forest trees, and among these trees in the town of today, with its beautiful cottages and well-kept streets and avenues. The town is built all along the wide avenue that intersect the town are lovely live and water oaks and live oaks, many of these trees with graceful features of the gray Spanish moss that overhangs the street and walks, and among these are interwoven tall tropical palm trees, growing luxuriantly, fragrant bay and cedar, and many other varieties, while in some places the wild grape, the trumpet vine and the amorphous cissampelos and other vines the branches forming shady lawns and adding grace and beauty.

The town lies parallel with the Halifax River, and extends for nearly two miles along the shore. The river is the delight of the angler and the fishermen and forms one of the town's greatest attractions. The north avenue has run parallel with or intersect the river are all its fine wide, where beach street, which is about fifty feet wide, but has a half mile of open, beautiful water shooting upon the eastern side, where the salt water tide and flow and along and across which comes the trading, boating and health-giving breeze from off the wide Atlantic, which breeze and under the Halifax climate one of the most perfect in the world. Daytona has many miles of well-kept and shaded and shaded roads and streets, leading to the

Wholesale Paradise and added to these, but a little away, are thirty miles of smooth, hard beach, that affords an unrivaled course for long-distance cycling and driving or automobile racing. No town of equal size, north or south, numbers as many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

The Beautiful Cottages that have been erected during the past years and are being built are rendering Daytona as famous for its day resorts as for its beautiful river, beach and avenue, and they are adding largely to its attractions.

Not the least of these attractions to these beautiful homes in the South, and making around which the health, pleasure and perfection of climate, is the fact that its population is richly equipped with culture and high social position, and they are adding largely to its attractions. These features are good churches, good public and private schools, hotels, banks, law offices, music, sports, an open house, electric lights for street and house illumination, good telephone system, fire factory, big Water Works and city water, bath, etc., and everything else can be guaranteed that is necessary to make life comfortable. An important fact is in the healthfulness of this town in the

Water Supply which is derived from numerous flowing wells, which are good and deep in the corporate limits. This flow is secured by borings which are deep from ten to 120 feet, passing through several strata of rock, and the depth secures purity from all surface contamination. The water is slightly impregnated with magnesia and iron, and holds sulphur in the shape of gas, which soon passes away.

The Population of Daytona proper is about 1,000. Added to this is a substantial population in the shore and suburbs of about 1,000 at Kingsland, Bunnell, 150 at Maitland, 100 at Deltona and 100 at Deltona, which are property a part of the town and population.

Daytona Beach lies one mile east of the town. It is separated by a wide strip of water from the river and well-kept streets, and is the principal resort of the winter tourists of St. Augustine. It has many resorts during the summer that all other places south of St. Augustine, and is also becoming a favorite winter resort. The town is wide and smooth, and by many considered the finest in the world, and the best looking in any and every respect and manner. People who have tried Southern and Western resorts will declare that there is none as perfect as Daytona.

Automobile Beach. The Florida Best Coast Automobile Association confers an annual reward on the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Deerfield Beach is held on a sand beach without a break under the natural racing ground for America. At low tide the beach is hard for 600 feet and neither carriage wheel, bicycle or pedestrian can make a hardy vehicle imprint on the smooth and well-kept sand. It is so common sight to see well-kept bicycles speeding with the velocity of the wind before a stiff breeze along the smooth beach, thus affording the most exhilarating sport known to man. The time, miles of beach-side, palm-lined boulevards being the scene.

the wheel and vehicles into direct contact with the railroad over the beach which is upon the opposite of the Halifax River.

The beach from the sandy shore is the best point of stable recreation about 50 feet, and the average depth of the surf measures about 100 feet. A continuous gentle swell rolls in from the ocean from sea to sea in the depth under natural conditions, making the beach an attractive and always safe place for our bathing here the infant as well as the grown-up.

A Remarkable Feature of Daytona has been the yearly improvement in the style and value of its buildings that are being erected for homes. Men of capital of the city are building homes, and the houses and valuable lots are being subdivided and sold in small lots, beautiful in design and finish, are being erected.

The Globe,
116 South Beach street, Daytona, Fla.

DAYTONA AND ITS ATTRACTIONS.

DAYTONA is situated upon the west bank of the Halifax River at its fairest expanse and midway between its source at Bulow Bay and its outlet at Mosquito Inlet. It is in latitude 29, seventy-four miles from St. Augustine and one mile from the Atlantic Ocean, and is acknowledged to be without a rival for beauty among the villages of the South. Its site is upon what is known as high hammock land that was crowned by nature with a most royal growth of majestic forest trees, and among these trees is the town of today, with its beautiful cottages and well-graded walks and streets. The result is that all along the wide avenues that intersect the town are lordly live and water oaks and hickories, many of them draped with graceful festoons of the gray Spanish moss, that overarch the street and walks, and among these are interspersed tall tropical palmettos, glossy-leaved magnolias, fragrant bays and coral-berried holly, and many other varieties, while in many places the wild grape, the trumpet vine and the ampelopsis climb and cling among the branches forming shady bowers and adding grace and beauty.

The town lies parallel with the Halifax River, and extends for nearly two miles along the shore. This river is the delight of the angler and the yachtsman and forms one of the town's greatest attractions.

The main avenues that run parallel with or intersect the river are all 100 feet wide, except Beach street, which is about sixty-five feet, but has a half-mile of open, beautiful water abutting upon its eastern side, where the salt waves ebb and flow and along and across which comes the cooling, invigorating and health-giving breezes from off the wide Atlantic, which temper and render the Halifax climate one of the most perfect in the world. Daytona has many miles of well-graded, macadamized and shell roads and streets, rendering it the

Wheelman's Paradise and added to these, but a mile away, are thirty miles of smooth, hard beach, that affords an unrivalled course for long-distance cycling and driving or automobile racing. No town of equal size, North or South, numbers so many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

The Beautiful Cottages that have been erected during the past years and are being built are rendering Daytona as famous for its fine homes as for its beautiful river, trees and avenues, and they are adding yearly to its attractions.

Not the least of these attractions to those securing homes in the South, and ranking second only to healthfulness and perfection of climate, is the fact that its population is chiefly composed of cultivated and intelligent people, accustomed to the refinements of home and social life. Added to these features are good churches, good public and private schools, stores, hotels, laundry, meat markets, novelty works, an opera house, electric lights for street and house illumination, a good telephone system, ice factory, Lily Water Works, and hot and cold baths, etc., and everything else can be procured that is necessary to make life comfortable. An important feature in the healthfulness of this town is the

Water Supply which is derived from numerous flowing wells, of which there are probably 300 in the corporate limits. This flow is secured by boring wells to the depth of from 80 to 120 feet, passing through several strata of rock, and this depth assures purity from all surface contamination. The water is slightly impregnated with magnesia and iron, and holds sulphur in the shape of gas, which soon passes away.

The Population of Daytona proper is about 1,800. Added to this is a suburban population on main shore and peninsula of about 1,000 at Kingston, Blake, Old Seabreeze or Goodall, Seabreeze and Silver Beach, which are properly a part of the town and population.

Daytona Beach lies one mile east of the town. It is approached by three good bridges over the river and well-graded avenues, and is the principal summer resort south of St. Augustine. It has more tourists during the summer than all other places south of that city combined, and is also becoming a favorite winter resort. The beach is wide, firm and smooth, by many considered the finest in the world, and the surf bathing is safe and excellent summer and winter. People who have tried Northern and Western summer resorts declare that there are none so perfect or comfort as Daytona beach.

Automobile Race Meet. The Florida East Coast Automobile Association conducts an annual race meet on the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Ormond Beach is hard as macadam, and an ideal stretch of thirty or more miles without a break makes it the natural racing ground for America.

At low tide the beach is bared for 300 feet and neither carriage wheel, bicycle or pedestrian can make a hardly visible imprint on the smooth and well-packed sand. It is no uncommon sight to see sail-rigged bicycles speeding with the velocity of the wind before a stiff breeze along the smooth beach, thus affording the most exhilarating sport known to man. Besides these, miles of hard-shelled, palm-fringed boulevards bring the lovers of

the wheel and vehicles into direct touch with the mainland over the broad bridges which span the splendid Halifax River.

The beach from the sandy bluffs to the lowest point at oblique, measures about 500 feet, and the average depth of the surf measures about two feet. A continuous gentle swell rolls in from the ocean from one to two feet in depth under normal conditions, making the beach an attractive and absolutely safe place for surf-bathing. Here the infant as well as the gray-haired veteran of many summers, can safely enjoy the luxury of a sea bath throughout the larger part of the year, while the strong and expert swimmer, can venture out further to test his strength and skill in battling with the inexhaustible powers of the mighty ocean.

The Peninsula lying between river and ocean is one-half mile wide, and is being rapidly improved, and there are many fine cottages and several good hotels, an opera house, two ocean piers, beach pavilion and a large casino.

A Remarkable Feature at Daytona has been the yearly improvement in the style and value of the buildings that are being erected for homes. Men of capital of the North and West have become awakened to its advantages for winter residences, and valuable lots are being purchased and costly houses, beautiful in design and finish, are being erected, and beautiful homes, the abodes of wealth and culture are multiplying.

Seabreeze (City Beautiful) and Goodall are settlements on the Ocean side of the peninsula across the Halifax River from Daytona. At the foot of Ocean Boulevard, Seabreeze, a pier reaches 600 feet across the beach into the swelling surf of the ocean. This pier is a favorite resort of those who delight in the sport of fishing. The surf here abounds in trout, pompano, yellowtail, cavalla, whiting, drum, sheephead and many other varieties of edible fish. During the fall season the famous sea bass affords royal sport, and it has been no uncommon occurrence to land a thousand pounds of this gamey fish in an afternoon, individuals of them ranging from fifteen to thirty-five pounds in weight. Not only does the ocean offer this splendid sport but the Halifax River, only half a mile back of the ocean, is equally famous for its fine fishing, and the varieties that abound in the ocean are present in the river.

Hunting and fishing good. Experienced guides and dogs may be had at reasonable prices.

Low Tide on the Beach.

High tide 6 hours before or after low tide.

To Die in the Last Ditch. The phrase "to die in the last ditch" is stated by an English authority in such matters to be an Americanism, originating during the civil war. In fact, it was first used by William, prince of Orange, who during the war with France was asked what he would do in case the troops of Holland were defeated in the field and who replied, "I will die in the last ditch."

Decidedly Friendly. Renter—I thought this paper was friendly to me.
Editor—So it is. What's the matter now?
Renter—I made a speech at the banquet last night, and you didn't print a line of it.
Editor—Well? What further proof did you want of our friendship?

A Rare Case. Sorroughs—I'm always expecting disaster, but still the unexpected happened to me once. Cheerful—How was that?
Sorroughs—When the calamity came nobody remembered to say, "I told you so."—Houston Chronicle.
